## ABOUT ME

I am an aspiring accountant with a deep interest in data analysis. My passion lies in transforming raw data into clear insights that support better decision-making. With strong skills in Microsoft Excel, Canva, and Word, I enjoy designing clean reports, dashboards, and visuals that simplify complexity. I'm constantly learning and growing as I seek to bridge the gap between finance and data.

## SKILLS

- Excel: Pivot Tables, Dashboards, Lookup Functions, Charts
- Canva: Reports, Presentations, Infographics
- Microsoft Word: Business Reports, Documentation
- Soft Skills: Attention to Detail · Communication · Problem Solving

## PROJECTS

Amazon Product Review Analysis (Case Study)

Tools Used: Excel

- Cleaned and structured product review data
- Created pivot tables and calculated columns
- Built an interactive dashboard for insights
- Drafted a README and summary report

Monthly Expense Tracker Template

# Ajayi Oluwatunmise Monisola

*Aspiring Accountant | Data Enthusiast*

Tools Used: Excel & Canva

- Designed a simple, automated budget tracker
- Visualizes spending by category
- Available as a printable and digital sheet

Financial Literacy Presentation

Tools Used: Canva

- Created an educational slide deck on managing personal finances
- Combined visuals, tips, and interactive elements
